Chapter VI

Exercise 03: SSH me!

	Exercise 03
	SSH Key
Turn-in directory : *ex03/*	
Files to turn in : `id_rsa_pub`	
Allowed functions : `None`	

- Create your own SSH key. Once it is done:

    ○ Add your public key to your repository, in a file name id_rsa_pub

    ○ Update your ssh key on the intranet. This will allow you to push the repository to our git server.

> The file's name was not chosen randomly.

> Make sure you understand the difference between the public key and the private key.

> Did you check with your left neighbor ?
